

Ten Reasons to Support VESA

1. Be represented by the VESA board members. Each district has a representative to take questions or concerns to the meeting thus getting them to campus administration. All professional organizations have a place at the table.
2. Network with fellow extension agents. VESA is made up of your working peers.
3. Be “in the know” about VCE policies and procedures.
4. Be part of an organization that represents VCE faculty fairly and professionally and advocates for agents.
5. Ask VESA to study an issue important to you as an agent. VESA is an active working committee, addressing off-campus issues and helping to find answers at their quarterly meetings.
6. Communicate your needs directly to campus administration through VESA.
7. Serve on a VESA committee and gain direct insight to campus happenings and statewide in-the-field concerns/updates.
8. Get current information quickly and easily. Meeting minutes, VESA information, upcoming events, etc are posted on the VESA website.
9. Join VESA as a new agent; it is a great way to learn about VCE.
10. Get a great return on investment! The voluntary dues of \$10 help to support the organization.
